

# Field Studies For Homeschool Families

Mondays, February 6 and April 2, 2012  
10:00 am to 1:30 p.m.

Fairchild Tropical Botanic Garden | Visitor Center  
10901 Old Cutler Road | Coral Gables, FL 33156

Explore and learn about the beauty of the world-renowned Fairchild Tropical Botanic Garden with your homeschool group. Guided programs are especially designed for children between the ages of 5-12 and include hands-on lessons where every child can see the world as our botanists do.

- **Tropical Rainforests: February 6th, 2012**

Take a journey with us as we explore South Florida's largest tropical rainforest. Through hands-on exploration participants will learn about rainforest plant adaptations, the resourcefulness of the rainforest people in mastering the use of these plants, and the diversity of the rainforest.

- **Plants from Around the World: April 2nd, 2012**

Participants will explore Fairchild's Tropical Fruit Pavilion and discover first hand some of the amazing foods from far away places that can be grown here in South Florida. They will be amazed to discover that all parts of plants are eaten, including the roots, stems, flowers and bark!

**You must register in advance to guarantee a space for your homeschool group.** To register or for more information please contact: Marilyn Caputo at 305-667-1651 x 3322.
