1. Explore Fairchild Tropical Botanic Garden

Fairchild Botanic Garden is high on my list because I believe it is one of the most magical places in all of Florida.

Started by a group of horticulturalists back in the 1930s, this 83-acre tropical botanical garden has an incredibly vast collection of tropical plants, unique and rare varieties, and an incredible atrium/butterfly garden.

If you want to be transported to a **tropical oasis** and feel like you are walking through the jungle, definitely make sure you check out Fairchild Tropical Botanic Garden!

Your senses are in for a treat as you stroll around the incredible installation of tropical plants, such as hundreds of lush orchids, huge tropical fruit trees, the incredible (my personal favorite) cannonball tree, tropical palms, rare cacti, and so much more.

This is definitely a once-in-a-lifetime experience, as Fairchild Tropical Botanic Garden is home to the **only rainforest** in the entire continental USA!

Escape the hustle and bustle of Miami and experience the soft misty atmosphere that these lush tropical plants create in this stunning botanical garden.
